About Merganser

Formed in 1985, Merganser Capital Management is an SEC registered investment advisor focused on the fixed income needs of institutional clients.

We believe that in an inefficient over-the-counter market, our active fixed income management process can provide consistent excess returns. As fundamental investors, we aim to understand the intricacies of fixed income vehicles in order to identify the securities and sectors that provide the most attractive risk/reward characteristics. Succeeding in this endeavor has allowed us to meet the needs and objectives of our clients and gain their trust.

We embrace a client service approach that is high touch, team oriented and encourages frequent dialogue and direct communication.
