## STRATEGY OVERVIEW

### Investment Objective

- To exceed the returns of the Bloomberg Barclays Intermediate Government/Credit Index over a market cycle.
- Provide an attractive source of income while acting as a stabilizer during periods of market volatility

### Investment Strategy

- Leverage our boutique size by investing in underappreciated areas of the market
- Employ extensive fundamental research and relative value analysis, with a goal of achieving attractive risk-adjusted returns while preserving liquidity
- Keep duration neutral to the benchmark; generate alpha through sector rotation and security selection decisions

## FIRM OVERVIEW

### About Merganser

- Formed in 1985, Merganser has been managing institutional fixed income portfolios for over 30 years
- Our strategies are long only, US dollar-denominated and do not utilize complex derivatives
- The investment team is highly collaborative and portfolios are managed on a team basis
- As a boutique manager, we embrace portfolio customization and solving unique issues for our clients
